## Irrigation System Inspection Checklist

Property: Date: Technician:

Overall System  Water Efficiency Performance (Coverage) Sprinklers / Heads Correct Pressure Proper Spacing Blockage by Plant Material Matched Precipiation / Uniformity Low Head Drainage Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Backflow Certification Controller / Timer / Sensors Water Efficient Weether Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Drip System Comments and Details on Items Noted:		6000	OV	NEEDS
Water Efficiency Performance (Coverage) Sprinklers / Heads Correct Pressure Proper Spacing Blockage by Plant Material Matched Precipiation / Uniformity Low Head Drainage Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Derice Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Overall System	GOOD	OK	ATTENTION
Performance (Coverage)  Sprinklers / Heads Correct Pressure Proper Spacing Blockage by Plant Material Matched Precipiation / Uniformity Low Head Drainage Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valves & Blowout Connections Backflow Device Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Sprinklers / Heads Correct Pressure Proper Spacing Blockage by Plant Material Matched Precipiation / Uniformity Low Head Drainage Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	·			
Correct Pressure Proper Spacing Blockage by Plant Material Matched Precipiation / Uniformity Low Head Drainage Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	, , ,			
Proper Spacing Blockage by Plant Material Matched Precipiation / Uniformity Low Head Drainage Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Blockage by Plant Material  Matched Precipiation / Uniformity  Low Head Drainage  Wiper Seals  Correct Height / Placement  Visible Risers (Unsightly)  Incorrect Sprinkler Type / Mixed Types  Condition / Lifespan  Zone Valves  Automatic Operation  Leaking / Weeping  Electrical Connections  Drip Filter  Valve Boxes / Lids  Condition / Lifespan  Backflow Preventer / Connection  Shutoff Valve  Drain Valves & Blowout Connections  Backflow Certification  Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System				
Matched Precipiation / Uniformity Low Head Drainage Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Low Head Drainage Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Wiper Seals Correct Height / Placement Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Correct Height / Placement  Visible Risers (Unsightly)  Incorrect Sprinkler Type / Mixed Types  Condition / Lifespan  Zone Valves  Automatic Operation  Leaking / Weeping  Electrical Connections  Drip Filter  Valve Boxes / Lids  Condition / Lifespan  Backflow Preventer / Connection  Shutoff Valve  Drain Valves & Blowout Connections  Backflow Device  Backflow Certification  Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System				
Visible Risers (Unsightly) Incorrect Sprinkler Type / Mixed Types Condition / Lifespan Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	•			
Incorrect Sprinkler Type / Mixed Types Condition / Lifespan  Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Condition / Lifespan  Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Visible Risers (Unsightly)			
Zone Valves Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Incorrect Sprinkler Type / Mixed Types			
Automatic Operation Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Condition / Lifespan			
Leaking / Weeping Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Zone Valves			
Electrical Connections Drip Filter Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Automatic Operation			
Drip Filter  Valve Boxes / Lids  Condition / Lifespan  Backflow Preventer / Connection  Shutoff Valve  Drain Valves & Blowout Connections  Backflow Device  Backflow Certification  Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System	Leaking / Weeping			
Valve Boxes / Lids Condition / Lifespan Backflow Preventer / Connection Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Electrical Connections			
Condition / Lifespan  Backflow Preventer / Connection  Shutoff Valve  Drain Valves & Blowout Connections  Backflow Device  Backflow Certification  Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System	Drip Filter			
Backflow Preventer / Connection  Shutoff Valve  Drain Valves & Blowout Connections  Backflow Device  Backflow Certification  Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System	Valve Boxes / Lids			
Shutoff Valve Drain Valves & Blowout Connections Backflow Device Backflow Certification Controller / Timer / Sensors Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Condition / Lifespan			
Drain Valves & Blowout Connections  Backflow Device  Backflow Certification  Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System	Backflow Preventer / Connection			
Backflow Device Backflow Certification  Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System	Shutoff Valve			
Backflow Certification  Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System	Drain Valves & Blowout Connections			
Controller / Timer / Sensors  Water Efficient  Weather Data Enabled (WiFi)  Rain Sensor  Operates Automatically  Operates Manually  Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System	Backflow Device			
Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Backflow Certification			
Water Efficient Weather Data Enabled (WiFi) Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Controller / Timer / Sensors			
Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Rain Sensor Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	Weather Data Enabled (WiFi)			
Operates Automatically Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Operates Manually Adjusted Programming (Start, Days to Water) Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System				
Adjusted Programming (Start, Days to Water)  Condition / Lifespan  Other / Specialty  Pump & Pump Controls  Drip System				
Condition / Lifespan Other / Specialty Pump & Pump Controls Drip System	·			
Other / Specialty Pump & Pump Controls Drip System				
Pump & Pump Controls  Drip System	•
