K
RAIN[®]

Imagine....

**taking the RPS Select to all your service calls.
Just one rotor, leave the nozzle trees behind.**

Easily find the correct arc setting AS WELL AS the perfect water flow with just a turn of a key. Increase your productivity on every job!

**Use the RPS Select and provide your clients
with the greenest lawns in the neighborhood.**

Conveniently supply matched precipitation without changing nozzles!

The only rotor available with this technology.

Take advantage of this exclusive technology... your clients will use 30% less water, which translates into huge water bill savings!

Features:

- ▶ **Four built-in selectable nozzles** – to match different arc settings; nozzles #1 through #4 match arc settings 90° through 360°
- ▶ **Adjustable arc (40°-360°)** – all adjustments made from the top, wet or dry, no special tools needed
- ▶ **Matched precipitation rates** – when nozzle setting matched to arc
- ▶ **Precision-engineered nozzles** – for water-saving efficiency
- ▶ **Standard rubber cover**
- ▶ **Proven water-lubricated gear-drive design** – common to the popular RPS® 75 Series
- ▶ **Riser assembly interchanges with Hunter® PGP® rotors**
- ▶ **Low-pressure operation**
